## **WHAT EVERY BUILDING OWNER SHOULD KNOW BEFORE CHOOSING A CONTRACTOR**

Whether you're starting from scratch or updating your current property, finding the right contractor is an important step in the construction process. At Bauman Construction, we understand that choosing the right contractor can have a profound impact on your business. We want to make this process as stress free as possible for you, and give you the information you need to make a well-informed decision.

Here are a few key questions to ask contractors when you meet with them:

- 1.) How many years have you been in the contracting business?
  
- 2.) Do you have experienced personnel?
  
- 3.) Do you provide a warranty on workmanship?
  
- 4.) Do you offer service work after the sale is completed?
  
- 5.) Do you have a solid reputation in your community?
  
- 6.) Are you fully insured?
  
- 7.) Do you take job-site safety seriously?
  
- 8.) Do you follow timelines closely and stay within budget?
  
- 9.) What are the testimonials like from lenders and past companies?
